## Servicing the Graphic & Printing Industry for More Than 35 Years

G&M Habis was founded in 1982 by Mr. Gabriel Habis, who acts as the CEO of G&M Habis and GMHabis s.a.l.

In 1985, G&M Habis became the exclusive distributor of Agfa prepress equipment and graphic art supplies in Lebanon.

In addition, G&M Habis acquired dealership of many other reputable brand names in the graphic arts industry, such as, Agfa, Eizo, BasysPrint, Ricoh, Presstek, Technova, Xante, X-Rite and Xeikon, ... just to name a few.

In 2003, G&M Habis grew into a new structure to meet the needs of the expanding business and became GMHabis s.a.l.

GMHabis covers the local Lebanese territory and its mission is to provide its local partners in the graphic arts industry with the finest quality state-of-the-art products that rise above that of its competitors. We strive on offering impeccable service to make sure that all equipment purchased from our compmpany will provide the customer with maximum efficiency and effectiveness, while increasing our company's market share.

# OUR PHILOSOPHY

---

## QUALITY, CAPABILITY & PERFORMANCE

**GMHabis** believes that outstanding performance starts with high quality products, and an experienced and knowledgeable team. We continuously adapt to environmental and technological changes by investing a lot of time and effort into training our team to help serve you better.

Our achievements to date assure us that the best is still to come. We look forward to serving you for a long time!

## FRIENDLY STAFF

We, at **GMHabis** s.a.l, believe that the essence of any company is not only the products or services it holds but also its friendly and knowledgeable staff. **GMHabis** will treat each and every individual with the utmost respect, providing you with timely information to meet your personal needs... because our goal is **YOUR SATISFACTION!**

## CUSTOMERS FIRST

Since the early 80's we based our company expansion on services not on sales. Our customers do come first. That is why we welcome any of your remarks or criticisms so we can build on that to service you better.

# OUR SERVICES

---

## SOLUTIONS PROVIDER

Other than the vast range of dependable and highly professional products distributed by **GMHabis** s.a.l for the graphic arts industry, GMHabis s.a.l goes a step further by providing its customers with the right type of professional services, making the company a total solutions provider.

## MAINTENANCE CONTRACTS & SERVICES

**GMHabis** s.a.l takes great pride in its Services Support Department. The determination and knowledge that its service engineers and software application specialist have in the home, office and prepress industry is more than honorable due to the intensive training that they undergo both locally and internationally.

Over the past 35 years, our service support department has supported numerous installations and training all over the world. Installations ranging from Agfa Chromapress, Imagesetters, Platesetters, Scanners, Proofers, Servers, Apogee Workflow, and other software solutions.

## YOUR SUPPORT TEAM:

*Bassam Rebehmed, Sales Manager*

*Marie Dahdah, Software Manager*

*Joe Saadeh, Service Manager*

*Victoria Nammour, Export / Import Manager*

# OUR PRODUCTS

---

Agfa GRAPHICS develops, produces and distributes an extensive range of imaging systems, and IT solutions, for the printing industry. These solutions include consumables, hardware, software and services.

*basysPrint*

CTP for digital imaging of offset printing plates With UV-sensitive conventional plates. Combining productivity and quality while digitally imaging conventional offset printing plates? That is why BasysPrint designed the computer-to-plate (CTP) UV-Setter.

You gain all the benefits of CTP and still use the conventional printing plates you know and trust.

EIZO pushes the limits of technology to create visual systems of the utmost quality.

With the highest of ethical standards and pure dedication to excellence in all operational aspects, EIZO aspires to exceed its customer expectations in development, design, manufacturing and sale of display monitors and peripherals, and imaging system software.

## EPSON

EXCEED YOUR VISION

A leading manufacturer in the printer and professional imaging systems, Epson places Micro Piezo inkjet technology to deliver the performance and print quality that printers and their customers expect to receive. Whether you work in fashion, publishing or design - you need a proof that provides fast, accurate results bringing the finished product to life as if it was coming from the real press.

## RICOH

Ricoh responds to diverse printing demands at the front lines of business.

Business printing requirements have expanded in recent years. Due to rising demand for small lot sizes and immediate turnaround of diverse printed materials, swifter low-cost printing has become a necessity at many businesses. Furthermore, many corporations and printing businesses are calling for more flexible printing techniques like variable-data printing to deal with increased demand for one-to-one marketing. In response, Ricoh has entered the production-printing arena, where our total solutions are raising print quality standards and optimally utilizing IT to lower business costs.

Recognizing that every business has different requirements, Ricoh takes a customer-centric approach to providing tailored solutions and premiere service that fully satisfy customers in the production printing market.

In today's fast-paced world of printing, customers continually seek shorter print runs with faster turn times yet no compromise in quality. Improving the efficiency of the print manufacturing process is one of the most important enablers to growing profitability and competitiveness.

Xante commitment to providing innovative, state of the art tools for the high-end graphics and prepress markets is what the clients have come to expect and demand

Xante standards have always been high because they understand the need for cutting edge technology, products, and services.

Keikon is an innovator in digital-printing technology. The company designs, develops, and delivers web-fed digital color presses for labels and packaging applications, document printing, as well as commercial printing.

With Xeikon , you benefit from profitability. quality, and flexibility.

X-Rite develops, manufactures, markets and supports innovative color solutions through measurement systems, software, color standards and services. X-Rite's expertise in inspiring, selecting, measuring, formulating, communicating and matching color helps users get color right the first time and every time, which translates to better quality and reduced costs. X-Rite serves a range of industries, including printing, packaging, photography, graphic design and other fields.
